This agreement for student internships is entered into between Carnegie Mellon University through its Pittsburgh Supercomputing Center (PSC), USA, (hereafter referred to as PSC), and Universidad del CEMA, Buenos Aires, Argentina, (hereafter referred to as CEMA). To carry out the purposes of this agreement, PSC and CEMA understand and agree to the following:

Article I - Purpose of the Agreement

The purpose of this agreement is to provide CEMA students an opportunity for practical training in aspects of computational science in the conviction that such exchanges contribute to higher awareness of the capabilities enabled by computation and that these exchanges also contribute to international friendship and understanding among exchange students from the two participating institutions. PSC's participation in this exchange program is consistent with the university's mission as a non-profit educational institution.

Article II - Program Liaison Representatives

Each party will designate an individual to act as program liaison for this exchange program. The program liaison will act as adviser to the students in academic and logistical matters.

Article III - Number of Students

The number of internships shall not exceed two (2) annually.

Article IV - Period of Exchange

 Normally, an exchange will be for one academic term (quarter or semester).

Article V - Selection of Internship Candidates

CEMA will select a number of internship candidates according to procedures established at CEMA, but CEMA agrees to provide PSC resumes, transcripts, and other relevant materials for each candidate. PSC reserves the right to make the final decision regarding the student(s) selected, if any. To the extent PSC approves an internship candidate, PSC, CEMA and the approved intern will enter into a separate written memorandum ("Memorandum") signed by each party that will set forth the specific terms of the internship (which terms shall include without limitation those set forth in Appendix A, attached hereto and made a part hereof).

Article VI - Requisite Language Skills

CEMA will select only internship candidates who possess the language skills required to communicate fluently at PSC during the period of the internship.

Article VII - Regulations of the Host Institution
Exchange students are subject to all regulations, conduct, and performance, as required for students in the host institution.

Article VIII - Financial Support

The terms and conditions of any financial support, such as scholarships, fellowships, stipends, and assistantships which may be provided to internship students by either institution, government agencies, or other third parties shall be detailed in the Memorandum.

Article IX - Financial Responsibilities of Exchange Students

Exclusive of any additional financial support which may be provided, internship students will be responsible for all expenses incidental to the exchange, including travel expenses, room, and board. Each student must also obtain, at their own expense, insurance to cover medical contingencies in the host country.

Article X - Academic Records

CEMA will provide directly to PSC a record of prospective students’ academic performance when those records are requested.

Article XI – Intellectual Property

CEMA understands and agrees that any and all intellectual property developed by any intern while at PSC shall belong to Carnegie Mellon University.

Article XII - Term and Termination

This agreement will go into effect on the date it has been signed by both parties and will be in effect for a period of five years. The agreement can be renewed for additional periods by mutual written consent of the parties to the agreement. Both parties reserve the right to terminate this agreement upon written notice given six months prior to the termination date becoming effective. If this Agreement should terminate in advance, this shall not affect in any way the rights of the students involved in the exchange and the institutions must guarantee the ending of the exchange in the time and manner that was agreed; provided, however, the host institution shall have the right to terminate an internship at any time that the host institution determines in its sole discretion that the intern’s performance and behavior do not meet PSC’s expected standards of performance and behavior, and/or as otherwise provided in a Memorandum.

Article XIII – Administration, Amendments, Notices

This agreement and any and all Memoranda and/or other attachments constitute the entire agreement of the parties and supersede any and all prior oral or written understandings with respect to the subject matter herein. Administration of the Student Internship Agreement shall be the responsibility of the Executive Director of PSC and the Director of Professional Development at CEMA. Any additions, changes, or deletions must be approved in writing by authorized representatives of both universities. All notices shall be in writing and shall be directed to these individuals as follows:
